INDICTED PAPER MEN TO PLEAD TUESDAY

Special Government Prosecutor May Try the Cases at the June Term.

ACCUSED MEN ARE SILENT

News Print Association Had No Agreement with Federal Trade. Board, Counsel Says.

The six news print paper manufacturers and Alexander Smith, a Chicago anker associated with them, who were indicted on Thursday will appear before Judge Cushman of the Federal District Court on Tuesday and plead to the charge of violating the Sherman antitrust law by combining to raise the price of news print paper. The only ne of the defendants in the city yesterday was Philip T. Dodge, President the International Paper Company, He had nothing to say about the indictment, remarking:

Bainbridge Colby, the special Government prosecutor, explained that counsel representing the indicted men had been in communication with him and that plans for their pleading here were being made. This will be on Tuesday of the state of th

Trade Board Feels That Indictments Have Had a Deterrent Effect. Special to The New York Times.

WASHINGTON, D. C., April 13.-The utive Committee of the News Print Manufacturers' Association and others has apparently had a deterrent effect on the

Justice there was at the time much talk of an effort to get a "gentleman's agreement" behind the acceptance by the Trade Commission of the manufacturers' price proposition. At the same time members of the commission said that the matter of prosecutions under the Sherman anti-trust law must be left entirely to the Department of Justice. It was a matter of common report in Washington, however, that efforts would be made by the commission to have the proceedings against the paper men discontinued on their compilance in good faith with the efforts to break the paper famine.

The drafting of the act has not yet been completed, but it is understood that the burden of proof that trade being carpted on or contemplated is not with the enemy will be upon those engaged or intending to engage in it rather than upon the Government.

Another consideration in the construction of the hill is the fact that eiten

Another consideration in the construc-tion of the bill is the fact that alien enemies cannot go into court, so that the President's discretion will have to be relied upon to insure such persons sgainst injustice and to protect them in their legitimate commerce.

MOOSE WILL AMALGAMATE.

Convention Votes to Join Force with the Prohibitionists.

ST. LOUIS, April 13.-The Progressive National Convention today busted the National Committee which last Summer ndorsed Charles E. Hughes, the Repubcan nominee for President, and named new National Committee to carry out the plans for amalgamating with the Prohibition Party. The plans for this malgamation were approved this afternoon by the convention.

Victor Murdock of Wiehita, Kan., who presided over the Progressive National Convention in Chicago last June, was a lected Chairman of the Executive Committee of the party, and Matthew Hale of Boston was elected National Chairman. Other officers chosen were F. H. Chase, New York, National Secretary, and J. A. H. Hopkins of New Jersey, National Treasurer. and J. A. H. Hopkins of New Jersey, National Treasurer.

The Executive Committee is composed of Victor Murdock, John M. Parker of Louisiana, D. H. Carroll, North Dakota; F. M. Ingersoll, Idaho; John Taylor, New York; Albert D. Nortoni, Missouri, and C. D. McClure, Georgia.

DOCTORS IN WAR SERVICE.

Action Taken Toward Support and Protection of Those Who Enlist. Resolutions looking toward the sup-

port and protection of members of the medical profession who shall volunteer or be conscripted into the nation's servise have been passed by the New York State Committee of American Physicians for Medical Preparedness. The committee met Thursday at the office of Dr. George D. Stewart, at 618 Madison Avenue. The resolution fol-

lows:

Be it Resolved, That the New York State
Committee of American Physicians, acting
as the recognized State Auxiliary of the
Medical Section of the Council of National
Defense, does bereby deolare it the fixed
policy of this committee to protect by every
possible measure the public place and private practice of those members of the medical profession who may volunteer or be
drafted into the military service of the
State of New York or the United States
for any period of the present war, and
Resolved, That it will urge through the
auxiliary quanty committees of the State
the local enforcement of such policy both
relative to private practice and public and
hospital appointment, and
Resolved, That it will countenance any
financiat and personal sgreements between
members of the profession that may protect the private practice and financial returns of those members who may be
drafted under conditions which each County Committee may deem expedient in Society.

Those who attended the meeting expressed themselves as in favor of a plan whereby physicians taking the practice of others who are following the colors should turn back to the absent physicians a certain percentage of the fees. Such an arrangement, it was thought, would not come within the category of fee-splitting, a practice considered unethical among the profession. The committee, so far as possible, will discourage physicians taking patients from doctors who are away with the colors. Plans have been perfected for a survey of the physicians of the State in order to give the military authorities an index of the qualifications of every member of the profession. The Executive Committee is made up of Dr. Karl Conneil, Chairman, Dr. George D. Stevens, and Dr. Charles H. Peck. Those who attended the meeting ex

Ohio State University Graduates' Plan for Service In Summer.

The New York Association of Men University met at the Ohio Society apparently had a deterrent effect on the price-fixing agreement proposed a month ago and accepted by the Federal Trade Commission. When the manufacturers made their proposal there had been in progress for several weeks an investigation by the Department of Justice based on a mass of information tending to prove the existence of a combination in farm work throughout the State be closed from May 1 to Nov. 1, so that the boys and girls could help in farm work throughout the State. On May 30 all the colleges and universities of the Commission of the Department of Justice based of an effort to get a "gentleman's Memorial Day this year, the greatest by the Trade Commission of the nanufacturers' price proposition. At the same time members of the commission of the time matter of prosecutions under the Sherman anti-trust law must be left entirely to the Department of the Department of the Department of the Commission of the University to the Department of the Department of the Commission of the University Association to hold patriotic railies making the Association to hold patriotic railies making the Justice state the civil war. BACK TO THE FARM" PLEA

Attacks Sunday School Teachers as Card Players, Beer Guzzlers, and Theatregoers.

Several thousand high school students came out to hear Billy Sunday last night and were treated to a sermon on the forces that win. The forces, as Sunday catalogued them, are blood, environment, sand, education, and Christianity. he sermon ended with a panegyric of Abraham Lincoln, delivered with one foot on a chair and the other on the pulpit in symbolism of Lincoln's physical and moral stature. "The Star-Span-gled Banner" closed the mesting.

America" had opened it. The hall again was comfortably full, and there was much applause when the schools gave their yells and cheered for Sunday in the preliminary exercises.

The mother-in-law joke, almost extinct in recent literature, was "brought out and drew a laugh. When Sunday, after a burleque description of how a woman mixes a cake, said the only reason they usually made good cakes was because "most women are good-looking and all good-looking women are lucky," he was cheered with enthusiasm, but perhaps the most determined applause of the evening, except that drawn out by the mention of Lincoln, was accorded to his statement that "cigargettes are made out of cigar stumps picked out of the gutter." He varied the latter part of his sermon by delivering Joaquin Miller's poem on Columbus with dramatio gesture and intonation, a feat of elocution which found much favor with the audience.

In reply to a question as to whether the practices charged in the indictment would now cease. Mr. Colby said:
"I can only say that it seems to me that none of the defendants would venture to persist in practices so gravely characterized by the Government and which are the subject of such serious charges."
